The investigations are classified as follows;

- 1 x Theft
- 1 x Public Order Offences

Local Interest

Crime – The most significant crimes to have taken place over the year involve a number of low level thefts in Hoxne for which a suspect has been interviewed and admitted to some offences.

ASB – In the latter part of 2017 a number of incidents of criminal damage were recorded to the runway in Horham, meaning it could not be used by the local flying group.

Working in partnership, the group and police came up with a strategy to deter the offenders. A number of signs & CCTV has been installed for a few months and to date no further offences have taken place.

Staff – September 2017 a new Constable was appointed into the SNT. PC 1856 Peck replaced PC Andrews-Pearce as the Eye SNT PC.

November 2017 saw the PCSO Long leave Eye SNT after 10 years of service in the locality. PCSO Long has joined Norfolk Constabulary as a PC.

December 2017 saw the return of PCSO Kane Martin to Eye SNT as a direct replacement for PCSO Long. PCSO Martin has previously worked in the Eye area.

County Wide Crime Trends

There has been a force wide increase in acquisitive crime. Published figures show a total of 689 burglary & vehicle related theft offences for February 2018 and increase of 165 incidents on the same period in 2017.
